DECLARATIONS OF INTEREST

PUBLIC DISCUSSION buffalo picture vehicles off playing field, going off, to stop cars going in there, especially times, kids out more and more, weather has been bad, have started to go up there now. Silly to now let them in there. Should not be allowed.

We have to find somewhere to park cars can make it feasible, if they do not want it we will find an alternative, Mr Cleaves yard or 25 to 28 days in period. Can do to make it better will not have a generator, Ken Webster will be our security. Dogs there last time and scared children away, children in park do not want the children to be scared away.

He can be told not to bring his dogs. It's the Vehicle issue anyway. Wrong to go back just for money, it is still the children's safety. In and out of playing field they can only go in from main gate. Tiny in size. Whole safety thing.

Mr Jeff Harris observing asked about minutes,

Jenni Tiddy

6. BUFFALO

Proposal by Cllr. B. Bell to consider an offer by Buffalo Pictures to rent the Port Isaac recreation ground hard standing and the grass area beyond the soccer pitch for approximately 3 months for the parking of 'Doc Martin' production commercial vehicles and crew cars. Martyn Dingle. £4000. hard standing and 15 cars.

Mr E Fletcher do not want to put film why can we not allocate some of our carpark, no access problems far better, further away from hilson's, attendance there all day anyway, slope and length of trailers and ramp. Better than a muddy field do not want to take parking.

What do the school do for there sports. Clear out for sports day. We would liase with school as have done in the past.

Mr M Bell not enough money, attracted to cllr fletcher suggestion, is temporary of cars and campervans to sharp for trailers, come up with offer would solve problem, not a big deal in construction turns could be done in a week, gate along new footpath, without conflict with vehicles, beyond soccer pitch, neg cars to kick football around. Commercial vehicles on hard standing, not this month or last, by time filming takes place children will be out, if skate area used, cars in our car park. Children on football pitch and area beyond. Have them to look at equipment, we need professional advise. £7,000 for 28 and there after £350 per day.

Mrs J Pomfret first concerns the children, alternative not film, reschedule. We should think very carefully about this. If something could be done, I have serious concerns. What arrangements to avoid using a generator at night, deep freeze is the only, go down field alternative arrangements with deep freeze Manders agrees comments, does not think football pitch should be sandwich, money upfront to improve access arrangements, at beginning of seasons.

Anne mum of two kids wrong place, why can they not use new car park, rospa need to do risk assessment. Crb lorrys mixing with children. Put up such a fight to stop cars on car park.

Phelps go along with Mr fletcher says if had other area, passage of children, go up lane still think eddies idea better. £4000 goes back into the dark ages in real terms I think put hands pocket and make it worth while.

Keep our precept at same level, will help to stablise our precept. Blame fact didn't come.

Mr Dingle need money can not leave entrance for another year. What does Mr Bamford think if slope lessend before feasible.

As much parking for village as possible. Pay for leveling slope. High figure. £4000 in 2007. she has built a house in the yard. Based on what paid before. I do not have anymore money to make location budge. Mr Fletcher the amounts of money a lot or a little. I have been involved in films if they want it somewhere they get there.

Mr Manders a couple of large signs

Mr D Phelps prefer other car park, Mr Bamford goes away, and in coordination for 14 days time. Mrs Pomfret get a figure trailers.

Best idea, 6/7 trailer hard standing extra in car park.

Anne did not want any of it playing field.

Mr Bell best solution upgrade entrance, done to entrance done.

Martyn Dingle, cover cost of entrance, using revenue, in July from Easter to July quieter.

Mrs Bell met 6 weeks ago, put forward as a community project, isolate those cost, building wall and improving ramp.

Mr M Bell permenat arrangement that meets the 278, wall, widening of road, proper entrance. Quick job short time using hardcore. To separate issues. She what he needs and definite proposal for next time.

Mr Fletcher £40,000 slate quay, not asking you, times are hard,

Mr Bell deferred till further negotiation are made, in next week.

DP I do not think we should be handing out license they do not Jan-march, think it to much, how are we going to police it, not our brief to keep open to everyone. Proposal by Cllr. M.
