

St ENDELLION PARISH COUNCIL

INVEST STRATEGY

INTRODUCTION

St Endellion Parish Council acknowledges the importance of prudently investing the temporarily surplus funds held on behalf of the community. This Strategy complies with the revised requirements set out in the Office of the Deputy Prime Minister's Guidance on Local Government Investments and Chartered Institute of Public Finance and Accountancy's Treasury Management in Public Services: Code of Practice and Cross Sectoral Guidance Notes and takes account of the Section 15(1)(a) of the Local Government Act 2003.

INVESTMENT OBJECTIVES

In accordance with Section 15(1) of the 2003 Act, the Council will have regard

- a to such guidance as the Secretary of State may issue, and
- b to such other guidance as the Secretary of State may by regulations specify.

The Council's investment priorities are the security of reserves and liquidity of its investments. The Council will aim to achieve the optimum return on its investments commensurate with proper levels of security and liquidity. All investments will be made in sterling. The Department for Communities and Local Government maintains that borrowing of monies purely to invest, or to lend and make a return, is unlawful and this Council will not engage in such activity. Where external investment managers are used, they will be contractually required to comply with the Strategy.

SPECIFIED INVESTMENTS

Specified Investment are those offering high security and high liquidity, made in sterling and with a maturing of no more than a year. Such short-term investments made with the UK Government or a local authority or town parish council will automatically be Specified Investments. For the prudent management of its treasury balances, maintaining sufficient levels of security and liquidity, the Council will use:

- a. Deposits with banks, building societies, local authorities or other public authorities
- b. The debt management agency of HM Government Current investment is with the Bank of Ireland which provides a secure high yield rate of interest.

NON-SPECIFIED INVESTMENTS

These investments have greater potential risk – examples include investment in the money market, stock and shares. Given the unpredictability and uncertainties surrounding such investments, the Council will not use this type of investment.

LIQUIDITY OF INVESTMENTS

The Full Council will determine the maximum periods for which funds may prudently be committed so as not to compromise liquidity. Investments will be regarded as commencing on the date the commitment to invest is entered onto, rather than the date on which the funds are paid over to the counterparty.

St ENDELLION PARISH COUNCIL
