23/2022	Outside Organisations and Reports			
	a. Parish Council Chair – Cllr. Raynor reported that Gillian Thompson is stepping down as Clerk from 6 th March 2022. She been our Clerk for the last seven years. Since that time we have taken over the running of three sets of toilets, the kiosk and an extension to the car park bringing with it a great deal of work. He invited Members to join him in thanking Gillian for the years she has worked guiding us through all that we have achieved.	Cllr. Raynor		
	Interviews for her replacement will be held on 21st February 2022.			
	Three applications had been received from residents regarding dropping of their curbs. Unfortunately, this is not as simple as first envisaged.			
	Finally, Cllr. Raynor has been in touch with Mr Andy Crawford of Birch Utilities regarding the chestnut tree on Trelights Green. It is understood that Mr Crawford had told Cllr. Williams they would trim the tree whilst working in Trelights. Unfortunately, this had not happened.			

b. Playing Fields Project Development Working Party – Cllr Button reported on the correspondence from CAD Architects. Explaining the company understands the situation of the PC and would be able to hold our hand through the process. Being able to provide an overview from concept to planning with the quote coming in under £30,000. First phase would be public consultation; until that's done can't go any further as it would include a business plan which would avoid creating a 'white elephant'.

Cllr Williams explained that CAD propose taking the scheme too far at this early stage. Sports England has to be approached with any projects and would assist with the process of pre-planning. Where the process is under £8,000 it has to be opened up to three companies for a quote. Cllr Button challenged this statement.

Cllr Button and Penny felt that CAD is a good fit, with proven experience and competence in delivering similar projects. Cllr Button highlighted that we had discretion under our Financial Regulations to proceed without obtaining three quotes if the spend was for 'Specialist Services' under R 11.1.a and if its considered 'reasonable and practicable to do so under R. 10.1.3. These reasons were considered an acceptable recommendation under R .11.1.d.

It was **RESOLVED** to accept the quote for RBI Stage 1, subject to quotes from other companies.

The two lower machines will require new SIM cards which will have to be purchased from Flowbird. This will incur a monthly charge by Flowbird. In the meantime one of the lower machines is out of order due to the failure of the current SIM card. However, the expense of purchasing a replacement for the interim period is not worthwhile.

The upgrade machines are due to be delivered in early March 2022. Once this is confirmed an engineer from Flowbird will be booked to fit the upgrades and new SIMs.

- c. Big Lunch Ms Kathryn McDonnell was granted permission to hold a 'Big Lunch' on the playing fields on Sunday 5th June 2022 from 11.30am until 5pm.
